

ESTABLISHED IN 1985

TWO WAY U DRILLING NC MACHINE

AUTO CYCLE FACING & CENTERING MACHINE

LONG HOLE SINGLE AXIS U DRILLING MACHINE

4 AXIS NC FACING AND CENTERING MACHINE

Engineering in SPM and Hydraulics
Excellence in Every Cut, Drill and Mill

ABOUT US

30+ YEARS EXPERIENCE

INTRODUCTION

Founded in 1985 under the visionary guidance of Mr. Harwinder Singh, Renu Machine Tools has established itself as a leader in the Indian manufacturing and engineering industry. Today, the company continues to thrive under the experienced leadership of Mr. Harwinder Singh, maintaining its reputation as a trusted name in the market.

CORE COMPETENCIES

Renu Machine Tools is a renowned manufacturer, distributor, trader, supplier, and technical support provider, specializing in :

- SPM (Special Purpose Machines)
- Hydraulic
- Double Head Machines
- Centering Facing Machines
- Drilling & Threading Machines
- Milling Machines
- Production Type Adda Machines

OUR TEAM

We are achieving our set targets and organizational goals with the support of a highly trained and sincere team of professionals. Our experts are well-versed with market specifications and regularly conduct industry surveys to stay ahead. We also provide continuous training to our employees to enhance their skills and efficiency, ensuring they remain at the top of their game.

OUR PRODUCTS

Our products are highly admired among customers for their matchless attributes. This is because we source them from the most trustworthy vendors. We carefully select our vendors through a detailed market survey, where our experts rigorously evaluate their market credibility, domain expertise, financial stability, timeliness in product delivery, and pricing policies.

OUR MISSION

Our mission has always been to ensure customer satisfaction by providing exceptional service and quality. This commitment has been the cornerstone of our success over the years. We also specialize in developing products based on professional inputs and creating customized solutions tailored to our customers' specific needs.

WHY WORK WITH US?

Industry Leadership : With over 30 years of experience, Renu Machine Tools is a trusted leader in manufacturing and engineering.

Expert Team : Our highly trained professionals are dedicated to excellence, bringing deep market knowledge and ongoing skills enhancement.

Quality Products : We source our products from the most reliable vendors, ensuring top-notch quality and performance.

Customer-Centric : We are committed to understanding and meeting your specific needs, offering customized solutions and exceptional service.

Innovative Solutions : We continuously adapt to industry trends and technological advancements to provide cutting-edge solutions

INCEPTION AND LEADERSHIP

Renu Machine Tools was established in 1985 under guidance of Mr. Harwinder Singh, who continues to lead the company today. With a legacy of innovation & dedication, the company has grown to become a prominent name in the industry.

EXPERIENCE AND EXPERTISE

With over 30 years of experience in the field of SPM and hydraulics, Renu Machine Tools offers comprehensive engineering solutions to meet the diverse needs of various industries. The company's technical expertise and commitment to quality have positioned it as a trusted partner in the market.

OUR VISION

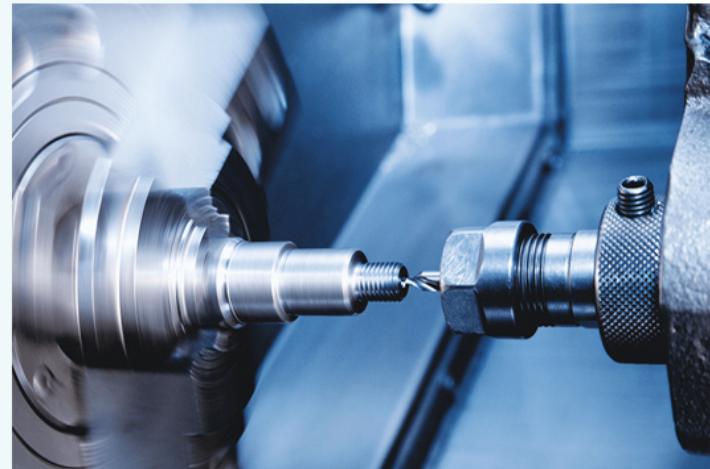

Renu Machine Tools is dedicated to providing high-quality machinery and technical support to its clients. The company aims to continuously innovate and improve its products and services, ensuring that it meets the evolving needs of its customers.

CLIENTELE AND INDUSTRY REACH

The company's extensive experience & technical proficiency allow it to serve a wide range of industries. Whether it's providing specialized machinery or offering technical support, Renu Machine Tools is equipped to deliver reliable & efficient solutions.

SPECIAL PURPOSE MACHINES (SPM)

At Renu Machine Tools, we offer a comprehensive range of services tailored to meet the needs of our clients across various industries. Our commitment to quality and innovation ensures that we provide reliable and efficient solutions

TWO WAY U DRILLING NC MACHINE

Specifications	TWD-2240	TWD-2252
Drilling Capacity	22mm-40mm	22mm-52mm
Max. Spindle Speed	1200 RPM	1200 RPM
Spindle Taper	BT 50	BT 50
Each Spindle Power	7.5kw	10kw
Ball Screw Diameter	40mm	50mm
Box Guideway Material	D-3	D-3
Servo Motor	1.5kw	1.5kw
X-Axis Travel	150mm	150mm
Touch Seven	7Inches (Delta or Fugi)	7Inches (Delta or Fugi)
Material Working Table Height	150mm	150mm
Coolant	High Pressure Thru Coolant	High Pressure Thru Coolant
Chip Fushing Coolant	.25kw	.25kw
Lubrication	Centralised Lubrication	Centralised Lubrication
Working Table Height	150mm	150mm
Overall Dimension (LxWxH)	2500X1500X1700	2500X1500X1700
Total Machine Power	20kw	25kw
Machine Weight	3400kg Approx	3500kg Approx
